**What was your first electronic music event?**

At the Winter Music Festival in Miami Beach about 5 years ago. The entire week was filled with some of the best mixers and energy around.

**What/who influenced you to attend your first event?**

My girlfriend got me hooked on the energy.

**What is one moment from an event that was special and why?**

That day was special, but it was years later at the Amsterdam Dance Event that I was completely mesmerized. I watched 7,000 people all dance at once. It was incredible. The music, the vibe, the music lovers. It was more than just a little bit special.

**What is your favorite festival or event?**

Amsterdam Dance Event.

**What is your favorite electronic song and why?**

I am still a big fan of Daft Punk. I think the way they mix things up is fantastic.

**Who are your favorite artists?**

Love Frink, Chris Malinchak, [Nora En Pure](#)

**What are your favorite genres?**

Deep House and traditional dance

**What do you feel your “Identity” is in the electronic music community?**

I am very much a chill girl, but when I am ready to really move, I will always go for a Wideboys mix.

**Is there anything else you would like to add about yourself for the readers?**

I have been writing dance music and working with remixers for 8 years...to me, as long as we, as a dance community keep bringing great new sounds to the ears of our fans, everyone with keep dancing!
