

## [My Hero Military Tribute](#)

December 02, 2008

### My Hero

American Valor today spotlights another patriotic American known for supporting our military. Today's patriotic American spent the last decade working up the corporate ladder, but had that empty feeling, like something was seriously missing in life.

A family tragedy in 2007 led to a total re-evaluation of life and personal goals. The decision was made at that moment to break free from the corporate cage and pursue a lifelong passion for music.

Our proud American recently experienced a moving encounter on a flight where she met a seasoned soldier returning from Iraq. His commitment and honesty moved her deeply and reminded her that we can all make a difference, no matter how small we think it may be. That brief encounter eventually inspired her to write a song.

Released on Veteran's Day, 2008, her song "My Hero" is a moving tribute to our nation's armed forces. "Men and women who risk their lives deserve our respect and patronage. I look at these individuals who are working for basically nothing as far as compensation goes - yet they are the most dedicated and mindful people I have met. They possess a spirit that I long to be a part of and that never seems to be broken."

Our special lady is a strong supporter of the US troops. She attended the recent USO event for Wounded Warriors and the US Navy ball in New York City where she donated her song "My Hero" to the naval officers in USB flash drives.

Today, Dad is proud to introduce you to the attractive and extremely talented lead singer/ songwriter for the popular Washington D.C. hit band [SideFX](#).

She is the amazing Kim Cameron! Thank you Kim for your support and contribution...for your fantastic military tribute in American Valor style to the men and women serving in the US military around the world. Thank you for all of them!
