

Tuesday April 13

**Kim Cameron and Side Fx Band
at Beacon Pub and Bistro
8pm**

Kim Cameron spent the last decade working up the corporate ladder but there was always something missing in her life. In 2007, a family tragedy led her to re-evaluate her life and goals. Kim decided to finally break free and pursue her lifelong passion for music. As the lead singer/songwriter of Side FX, Kim Cameron is finally living her dream.

Combining a fresh take with inspired lyrics, each song on Contradictions is wrapped around a personal experience of lead singer/songwriter, Kim Cameron. With a voice reminiscent of Chrissie Hynde and the richness of Paula Cole, Cameron's sultry alto notes complement blazing guitar riffs, a few wailing saxophone solos, and soft vocal harmonies. The songs offer a get-up-and-dance spirit with a seductive twist.

Side FX is a six piece band that hails from Washington DC with an alternative pop sound that is all their own. The band, who is well known for exploring new sounds and combining rhythms and beats that together offer the unexpected, have and continue to break traditional boundaries within the music industry. In a short period of time, Side FX has accomplished what

takes most bands years to do. The band is fronted by sultry singer-songwriter-designer Kim Cameron.

Side FX was formed in 2008, the band was launched with their CD, 'Contradictions.' The CD was

well received and featured on hundreds of US and International radio stations. Placements on American Airlines, MTV Philippines, Sirius, Great Americans, Plum TV, District Dish TV, Coffee Network, Pulp Magazine, INK 19, Command Performance, sold out show at Blues Alley and several live radio performances have made this band one of the top powerhouse pop rock bands on the east coast.

The band motto of More than Just Music along with their eclectic mix of genres, that showcase Kim's complexity and diversity as a songwriter and a woman have garnered them hundreds of thousands of matches on Google and website hits just within the last year.
