Side FX offers an eclectic blend of alternative rock, jazz, blues and country into a smooth, groovy listening experience. Think Carly Simon with an attitude. Their debut album Contradictions (available on iTunes, Amazon and CD Baby) has received rave reviews on music blogs and massive radio play. This hot new band has taken on the West coast with over 70 radio stations playing their tunes, while gaining popularity throughout the Washington D.C. area.

Kim Cameron and the Side FX band; Debut Album "Contradictions"
