This fun trio of books; [In Search of Bleu Jay's Treasure](#) , [The Mystery of Blue Pearls](#) & [The Rescue](#) is a fun adventures series. Each book is written in chapters consisting of 1-2 pages each; with a few pictures mixed throughout. These books are perfect for kids to read a chapter or two each night before bed.

My 6 year old loves these books. Full of water adventures, fun [animals](#) and surprises along the way. The books are a little to difficult for him to read on his own yet, but I think they'd be perfect for kids 8 and up.
